

The school district boundaries displayed on this map were created as a result of a boundary review conference held during March and April 2004. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and township school board (SCS) in Michigan, prepared this map. Boundaries shown on the map are the official boundaries of the school districts. Boundaries of the state and of the school districts are shown on the map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be noted that school districts and SCSs are the official authority for determining school district boundaries. If you believe that there may be an error in a boundary, please contact the appropriate school district or SCS for clarification and possible resolution. MCGI will welcome the opportunity to incorporate additional boundary information into its mapping process. If you have any changes to our map information, please contact MCGI.
